Nancy drew castle malloy dolls

Nancy Drew 19: The Haunting of Castle Malloy By Her Interactive Walkthrough by MaGRo October 2008 Gameplay: This point and click game comes in 2 CDs. A CD does not need to be in the drive to play the game. Nancy will show you the desk in her bedroom. This is where you can access the 'How to be a Detective Book' that shows the game manipulations. The Scrapbook has past Nancy Drew Games information. The Case Files is where the information about the present mystery case is explained. Once you are ready to play the game, click on the plane ticket to go to the new case location. You will then select to play either Junior or Senior detective. The main screen has pictures at the bottom of the page. The bag at left is the inventory link. The journal shows Nancy's notes about the present case. The checklist shows the junior game what needs to be done or was done in the case to progress in the game. The gear icon shows the options. Here the voice, effects and music volume can be adjusted. Also, the bottom background can be changed. Closed captioning and screen size selection are also in this page. The Load folder has the list of the saved games that can be replayed. The rightmouse icon closes the game. Take the phone card from Nancy's desk. Take the wedding invitation with the photo of Kyler and Matt. Start the game by picking up the plane ticket. Nancy flies to Dublin, Ireland to be the Maid of Honor at Kyler Mallory and Matt Simmon's wedding. She talks to Ned on her cell phone while driving at night towards Castle Malloy. As soon as the conversation ends a woman in a flowing white gown crosses the road. Nancy is startled and runs into a ditch just in front of the Castle's gate. This walkthrough has been played on both senior and junior level. Castle grounds: Gate: Turn around and go to the gate. Click hold to move Nancy. A blue highlighted area means that it can be interacted with. Click on the gate and see a close up. Take the groom doll on the ground. It has an M signet ring on its neck. Go forward until the castle door. Main door: Use the right door knocker. Talk to the caretaker. He is not very hospitable. Turn around and go back to the gate. At right side of the gate, see a Bailor sign. Click on the sign to automatically go to town. Screaming Banshee: See a phone booth right by the entrance to the Screaming Banshee pub. Go to the door and see a 'No Vacancy' sign. Turn around and forward to automatically go back to the castle. Castle: Main door: Go to the front door and Kyler for a way to get inside. Get inside the castle: Click on the door to get a close up. Move cursor to the left and up. See a lit window. Click the up arrow and Nancy says it must be Kyler. Look down and pick up stones on the ground at left. Take a large stone from the right. Position the stone under the ledge. Click to throw it to the window. Ooops! Kyler goes to the window and points at the door. Go to the main door and knock again. The caretaker is not a happy man. Library: Kyler: Learn that Matt disappeared. Talk to Kyler completely. Matt loves to play practical jokes. Kit Foley, Matt's best friend is here too. Donal Delaney is the caretaker. Donal does not like Matt. Kyler has heard Matt's voice after he disappeared. Nancy shows the groom doll. Donal spends most of his time at the Inn. He believes in banshees, fairies and leprechauns. She hears Matt at the nursery. Learn about Kyler's ancestry and Brendan supposedly being a double agent in the war. Left book case: Check the bookcase close to Kyler. Take the Zodiac Constellation book at left part of the bookcase. Check the helmet at right part of the bookcase. See a gear puzzle on the base drawer of the helmet. There are a total of 9 each of small and large gears. There should be 10 of each. We need 2 more gears. Open the door in between the bookcases. See the destroyed part of the castle. Right bookcase: See a dynamo setup left of an unit lantern at bottom shelf. Hanoi tower dynamo (junior mode): Move all the rings to the right side of the machine. The rings can only be placed over a larger ring. Think of the rings as 1-5 from the smallest to the largest. Move 1 to the R (right post), 2 to the M (middle post) and 1 to M. Move 3R, 1L (left post), 2R, 1R, 4M, 1L, 3M, 1R, 2M, 1L and 5R. Move 1L, 2R, 1R, 3L, 1M, 2L, 1L, and 4R. Move 1R, 2M, 1M and 3R. Move 1L and 2R. Move 1R. The lantern is charged. Take the lit lantern. Hanoi tower dynamo (Senior mode): There are 7 rings to move from left to the right post. Check the solution done by R. Ellison - click here. Desk: Turn right and look at a scale on the table. Look close at the 3 pan scale. It is missing 2 weights. Check the drawer of the desk. See the chart of the weights showing the color, symbols and weights. Check the paper left of the scale explaining binary conversion to letters. Exit the library. Nursery: Enter the first room on the left. Take note of the destroyed and unkempt room. Gems: See a crow take and drop a gem from the wall. Turn left and pick up the orange gem. Place the orange gem back on the wall. See that red, blue and green gems are still missing Fireplace: Look close at left side of the fireplace. Pick up the broken eyeglasses. Bookcase: Turn right and look close at the bookcase. Check the box at second from top shelf. Outer puzzle: See 9 tiles that have depictions of half a body of 4 others in each tile. There are 4 colors of others: blue, brown, green and purple. The aim of the puzzle is to have all the others be complete in body and color. The center tile is permanent. Arrange the 4 tiles adjacent to the center tiles first. Then arrange the 4 corner ones. Junior: 1. Turn #4 to complete central blue other. 2. Move #3 to #2 place. Turn tile in 2 to complete central purple other. 3. Turn #6 tile to complete central green other. 4. Move #9 to #6 place. Turn to complete central brown other. 5. Move #9 to #1 place. Turn to complete side others. 6. Turn #9 to complete the side others. 7. Turn #7 to complete side others. 8. Turn #3 to complete side others. Hear a sound. Take large gear from the opened drawer. Senior: 1. Move #3 to #4 place. Turn tile in 4 to complete central blue other. 2. Move #1 to #6 place. Turn tile in 6 to complete central green other. 3. Move #7 to #8 place. Turn tile in 8 to complete central brown other. 4. Move #1 to #2 place. Turn tile in 2 to complete central purple other. 5. Move #1 to #7 place. Turn tiles in 1 and 7 to complete side others. 6. Turn tile in 3 to complete side others. 9. Should be in position. Rocking horse: Turn right, check the horse and rock it. Take the token that falls on the floor. Dollhouse: Turn right and look close at left of the bed. Look close at dollhouse. Dollhouse 1: Read the legend of the colored lens. Based on the clues, place the dolls at correct positions on the dollhouse on the right. Side note: If a doll is placed in each room, a star might be earned at the end of the game. Once they are in place, click on the red check button. Take the token. See the token placed in the purse at top left of the screen. There are still 4 missing dolls. Top floor: none, cow, Middle floor: none, cat, none, none, none, pig. Bottom floor: none, Kit, none, none, Blonde, none. Dresser: Look close at the LeBleu Lapin (Blue Rabbit) book. Remember the cover of the book. Library: Kyler: Exit the room and go back to Kyler at the library. She wants you to check the printing machine and print 3 more of her invitation. Report to her of your findings. Side note: If important findings are reported to Kyler, a star might be obtained at end of the game. Talk to her again. Learn that Matt stayed in the nursery. His luggage is gone. The castle was destroyed by an explosion caused by Brendan's work on rocket fuel. Exit the library and turn right before the archway of the stairs going up. Main room: Go down the stairs. Look around. Fortune teller: Go forward and check the fortune teller booth right of the main door. See that it needs 3 tokens. Wedding table: Turn right and look close at the wedding table with presents and other items. Take a weight for the scale in the library. Printing press: Pan right and look close at the printing machine right of the work table. Print invitation: See that there is a printing plate now on the left side of the machine. Place K-black ink on the printing plate. Take printing plate #1 at right base of the printer. It has a binary 01000011. Take paper from the right base of the printer and place it on top of the inked plate at left of the machine. Turn the wheel. Take the pressed inked paper. Place the paper over the dryer at right. Press the red button to dry the ink. Place it in wicker basket at right. If a mistake is done, discard the paper in the yellow recycle bin at right. Automatically see the invitation. Nancy notes that Alan Paine is the best man and not Kyle who is Matt's best friend. Do 2 more invitations and place them in the basket at right. Fireplace: Look close at fireplace. Look at the picture of Kyler and Kit on the floor at right of the fireplace. Kit Foley: Pan right to right corner of room and talk to Kit with a black eye. Kit is sure that Matt got cold feet about getting married. Ask why he isn't the best man. He is a real estate developer. He likes the area where the castle sits on. Library: Talk to Kyler at the library about Alan, the best man. She gives Alan's phone number so that Nancy can talk to Alan. Tower: Climb up the stairs at end of the hallway and see that the stairs to the tower is broken. Castle grounds: Exit the castle and look around the grounds. Tower: See lights coming from a room at top of the tower. Garden: Go left from the main door. Click on the garden and enter. Look around. A crow flies around. See 7 leprechauns on the ground. They can be turned and have different shaded 4 leaf clover on their shirts. Turn around and look close at the bench. Read the wedding vows written by Kyler. Exit the garden. Silo: Go left from garden. See an opening on the ground. Fairy ring: Go left for a bit and then up. Be careful that you don't fall off the cliff. Enter the fairy ring. Celtic crosses: Go right and down to the brown path. Walk going down on the path and see 3 Celtic crosses. Check the dates on the crosses. Note that there is a hole at the center of each cross. See the lit wall back of the crosses. Bog: Go down using the brown path to the south end of the grounds. Go left and see the blue bog. Hear a banshee wailing. Try to cross but you need something to safely do so. Wall: Go to the lit wall right of the main replay to win and not lose more coins. Take the whistle when you win. Any additional wins will get more tokens. If you win all difference games, you will get a star at end of the game. Darts Away: Look close at the procedure plate. Click on the token slot to start the game. Save game 6 that you don't lose money when replay is needed. Study well how many points are obtained when an area is hit. The object of the game is to get 000 after using all the darts. The scoring is a subtraction from the initial points seen at top right by the points of a hit area. Red bulls eye = 50, Green bulls eye = 25, Inner ring = number hit x3, Outer ring = number hit x2, Black or white areas = number hit. It is best to hit areas that have a higher score first and then hit the lower score areas close to the end. Hit outside for zero points. Take the blue dog doll as prize. Easter Egg found by catsmom (option). Get 4 bulls eyes to get a score of 200. Throw the following darts off the board to get 0 score except the last one. Use the last dart to hit the 1 slot to get a score of 201. Back out and get a greenish egg. Castle: Go back to the castle. Main hall: Fortune Telling machine: Now that you have tokens, get your fortune told. Click on the slot to automatically insert 3 tokens on the machine right of the door. Take a wood weight from the bin. We now have the 2 weights missing from the scale in the library. Read your fortune on the paper under the weight. If you get your fortune told a lot of times, you will get a star at end of the game. Kit: Turn around. Go and talk to Kit again about his shiner. He wants you to make the sitting arrangement. Sitting Arrangement: Senior and junior game differ in clues given but the solution is the same. Look at the paper in inventory. Follow the clues given and seat the guests. No significant acknowledgement if it is correct. Show it to Kit and he will say if it is correct. He gives a Brehon Law book found in Matt's room. Check the book and see it is the Leprechaun's level of society. Take note that there are different shaded shamrocks depicted above each level of society. Library: Go upstairs to the library. Kyler: Talk to Kyler about the argument. Desk: Go to the desk at end of the room. Look close at the scale. Scale puzzle: The aim of the puzzle is to place all the weights on the 3 scales and have them all balanced. Take the graph in the drawer to use as clues in calculating and placing of the weights. Left pan: Iron, silver and mahogany Middle pan: Brass, copper and ironwood Right pan: Lead, zinc and oak The secret drawer opens. Take the stone tile. Castle grounds: Exit the castle. Garden: Go left from the main door and enter the gardens. Note that Nancy changed her clothes. Leprechauns: Look close at the leprechauns. The shamrock on their chest looks familiar. Check the book found in the nursery by Kit. Note that the leprechauns' shamrocks are similar to that in the book. Each of the paragraph starts with an elaborate first letter. Turn the leprechauns based on the shamrocks. F = forward facing, R = face right, L = face left and B = back is turned. L-R: R, L, B, F, R, B and F. Take the Kyler doll, token and the blue, green and red gems from the bird's nest. Gate: Go to the gate by the road. Tiles slider: Click to look close at the gate. See a panel on the right that has tiles. The numbers are the positions of the tile. Click on the tile that is in the numbered place. Pull back resets the puzzle. Junior level: This is one of the possible solutions. 2 1 5 9 13 14 10 11 12 16 15 14 10 16 7 11 10 9 13 14 15 11 10 14 13 9 5 6 2 3 7 8 4 3 7 6 2 3 7 6 5 1 2 3 4 8 7 3 4 8 7 11 12 8 4 3 2 1 5 6 7 Senior level: This is one of the possible solutions. 7 11 15 14 13 9 5 1 2 3 7 11 12 8 4 3 7 11 15 14 13 9 5 1 2 3 7 6 5 1 2 3 7 8 4 3 7 11 12 8 4 3 7 11 15 14 13 9 5 1 2 3 7 6 5 1 2 3 7 8 4 3 7 11 12 8 4 3 7 11 15 14 13 9 5 1 2 3 7 6 5 1 2 3 7 10 11 12 8 7 11 10 6 7 8 12 11 7 10 Looks like a piece is missing. Place the stone tile taken from the drawer of the Scale puzzle in the library. Take plate 2 from the slot above the dragon puzzle. It has binary 01001101. Castle: Go back to the castle. Kit: Talk to Kit again. Nursery: Now that we have all the gems that the bird stole, let's check the gem panel. Gem panel: Place the 3 gems taken from the bird's nest in the garden on the gem panel on the wall. The aim of the puzzle is to press the gems in the correct order. The clue is seen above the panel - the color of the rainbow. Click the colors in the sequence starting from right going left: red, orange, yellow, green, light blue, indigo blue and purple. No need to press the black button. See the fireplace opens to a hidden room. Fireplace hidden room: Enter the fireplace. Turn right and take the board from the floor. That will come handy. Turn around and take the stone marker code from the floor. Exit the room. See the crow flies towards you. Then, then see... a screaming banshee. Kyler screams. Bog: Time to check that area now that we have a board that can help us cross the first part. Bog maze: Go to the left south boundary of the castle grounds. Place the board taken from the fireplace hidden room on the water. Cross to the other side. See the first set of stone markers. Study the stone marker code paper taken from the hidden room. Follow the marker's code left, though you see another stone marker before finishing the code. Once the previous code is done, follow the stone marker seen on the location of the end of the previous instructions. The others in between are to throw you off. Forward 1x, right 1x, forward 2x, right 2x, forward 2x, left 4x, back 2x, left 2x, back 3x, left 2x, forward 1x, forward 2x, right 1x, forward 2x, right 2x, forward 2x, right 1x, forward 1x. See the bog hut. No more mazes after this. Automatically get here or exit back to the castle grounds. Bog hut: Enter the hut. Wicker basket: Look diagonal right and see a wicker basket. Open the basket and take the jetpack. Sewing worktable: Look close at the work table right of the bird cage. Take dollhouse code 2 from the table. See a doll being made. Check the box at right that needs a key. It has an ornate design on the front just like the one on the nursery door. Bird cage: Look close and see swarm of flies. There's something on the floor of the bird cage. Herb and remedies worktable: Look close at the herb table on the left. Read the book and see the different herbs and where they can be found. The back pages are remedies. Bug Bane: Check the Bug Bane recipe. We can get rid of these pesky flies. Mix one part each of tansy, pennyroyal, wormwood, catnip and thyme on the mortar and pestle. Click the pestle to grind it. Take the powdered Bug Bane. Bird cage: Use Bug Bane on the birdcage. It works. Take the herbs. Exit the hut and go forward. Castle grounds: Automatically be at the castle grounds. Screaming Banshee: Click on the Bailor sign right of the castle gate. Enter the Inn. Talk to Donal and learn about the old gypsy woman that lives in the bog. Go back to the castle. Celtic crosses: From the path of the castle, go left until you see a path. Take the path going down and see the 3 crosses on the right. Look close and see the 3 dates on the crosses: 1801, 1916 and 1845. Take note of the lit wall at other side of the grounds behind the crosses. Place the lens taken from the hut at the center of each of the crosses. Look close at the collected from the garden and the dart game are also placed on the rack at the bottom of the screen. There are still 2 missing dolls. Dollhouse 2: The code for this puzzle is the one from the bog hut. Read the legend of the colored lens. Based on the clues, place the dolls at correct positions on the dollhouse on the right. Once they are in place, click on the red check button. Take the token. Top floor: Kyler, cat. Middle floor: none, none, none, cow, Kit, none. Bottom floor: Blonde, none, pig, none, dog, none. Dollhouse 3: See from the code that they are missing a sheep doll. It might be the doll being made at the bog hut. Bog house: Go back to the bog house. Herb book: Check the herb book on the worktable at left. Learn where all the herbs and flowers that Kyler wants can be found. Take the sage hanging above the herbs. Doll worktable: Click the unfinished doll on the worktable. It needs stuffing. Check the wool bin and Nancy says she needs more wool. Exit the hut and the bog. Collect flowers and herbs: The sage is already taken from the bog hut. Foxglove: Look at the entrance to the bog. Take pink foxglove this side of the water. Roses: Take the path from the bog and go up to the garden. Enter and face the leprechaun. Turn around and take red roses. Yarrow: Go left and follow the path to go up and left to the fairy ring. Enter the fairy ring and take yellow yarrow. Lavender: Go to the standing stone at the sheep pasture area. Enter the ring of standing stones. Turn to the standing stone twice. Look down at the base and take lavender. Vervain: Go to the castle gate. Look close and click to the left side to the archway. Pick up purple vervain. Larkspur: Exit to the road. Go left to the end of the road. Take some blue larkspur from the ground. Castle: Kyler: Go back to the castle and let's give the bouquet to Kyler before they wilt. Go to the library. Hear Kit and Kyler quarreling. Once the conversation becomes muffled go down to the main hall. Kit: Check under the bed of the far cot and see Matt's lost luggage. Exit the castle and then go back in the fireplace. Enter the fireplace. Fireplaces: Enter the fireplace. Turn right and take the board from the floor. That will come handy. Turn around and take the stone marker code from the floor. Exit the room. See the crow flies towards you. Then, then see... a screaming banshee. Kyler screams. Bog: Time to check that area now that we have a board that can help us cross the first part. Bog maze: Go to the left south boundary of the castle grounds. Place the board taken from the fireplace hidden room on the water. Cross to the other side. See the first set of stone markers. Study the stone marker code paper taken from the hidden room. Follow the marker's code left, though you see another stone marker before finishing the code. Once the previous code is done, follow the stone marker seen on the location of the end of the previous instructions. The others in between are to throw you off. Forward 1x, right 1x, forward 2x, right 2x, forward 2x, left 4x, back 2x, left 2x, back 3x, left 2x, forward 1x, forward 2x, right 1x, forward 2x, right 2x, forward 2x, right 1x, forward 1x. See the bog hut and the bog. Collect flowers and herbs: The sage is already taken from the bog hut. Foxglove: Look at the entrance to the bog. Take pink foxglove this side of the water. Roses: Take the path from the bog and go up to the garden. Enter and face the leprechaun. Turn around and take red roses. Yarrow: Go left and follow the path to go up and left to the fairy ring. Enter the fairy ring and take yellow yarrow. Difference game. Look for sheep. Once seen within the circle of light, blow the whistle by clicking on the whistle icon at top left of the screen and they will go to the barn. If you are slow, the sheep will come out of the barn and the count goes down. Take note of where you hear them baa heat and go there immediately. They usually gather at north east of the pasture or south of the barn. Good luck. When there are less sheep seen, I saved my game and look for the sheep, replay and then go to the place where I saw them and whistle. Once the count is 10, immediately enter the barn, listen to the sheep bleat and then exit. The door will automatically lock and Nancy will note that it's all locked up. If the door is not automatically locked, the sheep count is not 10 and one or 2 left. Standing stone: Go to the standing stone at bottom part of the pasture. The 4 standings stones are made up of another. Click on each of the 3 stones and see that they rotate to show 4 different etched Ogham script, tree or constellation. In front of the first stone is an ornate disk on the ground. Ogham runes: The bottom stones have Ogham runes. Read the Ancient Celtic Sabbats book given by Donal. Learn about the 4 festivals: Samhain, Imbolc, Beltaine and Lugnasa. Learn that Ogham scripts are made up of 20 letters. They are read in stone markers from bottom to top. Note down or remember the first 2 Ogham of each of the festivals: BE for Beltaine, LU for Lugnasa, SA for Samhain and IM for Imbolc. Trees: Click on the middle stone to see the different depictions of trees: winter - no leaves, spring - new leaves, summer - full of leaves and fall - falling leaves. Constellation: Turn the stones on top and see 4 different constellations. Using the Zodiac Constellation book taken from the library, identify what those constellations are. They are Taurus, Leo, Scorpio and Aquarius. Check the constellation dates: Taurus is May 15-June 20 (summer), Leo is from August 11-September 16 (fall), Scorpius is from November 24-November 30 (winter) and Aquarius is from February 17-March 11 (spring). Arrange the standing stones: Now that we have identified all the etchings on the stones, turn the stones to show the appropriate information. Look at the first stone. The wedding is 3 days from now on June 1. So it is summer. The constellation seen in the sky left of the stone is Taurus. Going clockwise with the first stone being Beltaine. Look at the last 2 runes on the stones to know which stone is for what festival. The first letter being in the one at the bottom. Find out that the first stone seen when the ring is entered is Beltaine. Going clockwise or to the right: Lugnasa, Samhain and Imbolc. Constellation Taurus Leo Scorpio Aquarius February 17-March 11 (spring). Arrange the standing stones: Now that we have identified all the etchings on the stones, turn the stones to show the appropriate information. Look at the first stone. The wedding is 3 days from now on June 1. So it is summer. The constellation seen in the sky left of the stone is Taurus. Going clockwise with the first stone being Beltaine. Look at the last 2 runes on the stones to know which stone is for what festival. The first letter being in the one at the bottom. Find out that the first stone seen when the ring is entered is Beltaine. Going clockwise or to the right: Lugnasa, Samhain and Imbolc. Constellation Taurus Leo Scorpio Aquarius key. The aim of the puzzle is to place the gears from 1 to 11 ending at VI and get all of them to rotate. Turn the handle in gear 1 to see if the attached gears rotate. When done correctly, the helmet spits one on top of another. Click on each of the 3 stones and see that they rotate to show 4 different etched Ogham script, tree or constellation. In front of the first stone is an ornate disk on the ground. Ogham runes: The bottom stones have Ogham runes. Read the Ancient Celtic Sabbats book given by Donal. Learn about the 4 festivals: Samhain, Imbolc, Beltaine and Lugnasa. Learn that Ogham scripts are made up of 20 letters. They are read in stone markers from bottom to top. Arrange the standing stones: Now that we have identified all the etchings on the stones, turn the stones to show the appropriate information. Look at the first stone. The wedding is 3 days from now on June 1. So it is summer. The constellation seen in the sky left of the stone is Taurus. Going clockwise with the first stone being Beltaine. Look at the last 2 runes on the stones to know which stone is for what festival. The first letter being in the one at the bottom. Find out that the first stone seen when the ring is entered is Beltaine. Going clockwise or to the right: Lugnasa, Samhain and Imbolc. Constellation Taurus Leo Scorpio Aquarius key. The aim of the puzzle is to place the gears from 1 to 11 ending at VI and get all of them to rotate. Turn the handle in gear 1 to see if the attached gears rotate. When done correctly, the helmet spits one on top of another. Click on each of the 3 stones and see that they rotate to show 4 different etched Ogham script, tree or constellation. In front of the first stone is an ornate disk on the ground. Ogham runes: The bottom stones have Ogham runes. Read the Ancient Celtic Sabbats book given by Donal. Learn about the 4 festivals: Samhain, Imbolc, Beltaine and Lugnasa. Learn that Ogham scripts are made up of 20 letters. They are read in stone markers from bottom to top. Note down or remember the first 2 Ogham of each of the festivals: BE for Beltaine, LU for Lugnasa, SA for Samhain and IM for Imbolc. Trees: Click on the middle stone to see the different depictions of trees: winter - no leaves, spring - new leaves, summer - full of leaves and fall - falling leaves. Constellation: Turn the stones on top and see 4 different constellations. Using the Zodiac Constellation book taken from the library, identify what those constellations are. They are Taurus, Leo, Scorpio and Aquarius. Check the constellation dates: Taurus is May 15-June 20 (summer), Leo is from August 11-September 16 (fall), Scorpius is from November 24-November 30 (winter) and Aquarius is from February 17-March 11 (spring). Arrange the standing stones: Now that we have identified all the etchings on the stones, turn the stones to show the appropriate information. Look at the first stone.
